MEC No. 14-0003-I

To Whom It May Concern:

The Missouri Ethics Commission considered the complaint filed against the Ray County Republican Central committee at its January 28, 2015 meeting. The Commission reviewed the allegation that the committee engaged in campaign activities, such as sponsoring local fair booths and selling t-shirts, but failed to report those activities in their campaign finance reports.

Staff reviewed the allegations and determined that the committee did not make expenditures or receive contributions requiring the committee to file a full disclosure report until October 2014. While the committee did incur \$510 in expenditures from April 1, 2013 to September 30, 2014, the majority of expenditures paid for a monthly website fee. The committee has filed a full disclosure report to account for its activity during this period.

The Commission finds no reasonable grounds exist to support a violation of Chapter 130, RSMo, and is dismissing the complaint.

Sincerely,
